by James Grippando

The Pardon  [1994]
After getting a confessed killer off on a technicality, brilliant young defense attorney Jack Swyteck, estranged son of Governor Harry Swyteck, a proponent of the death penalty, finds himself framed for murder.

Beyond Suspicion  [2002]
After six exciting stand-alone thrillers in seven years, bestselling author James Grippando is at last bringing back the main character from his blockbuster debut novel, The Pardon.

Miami lawyer Jack Swyteck is in trouble. With more than a decade of experience in the criminal courts, Jack doesn't handle many civil cases. But this one is different. His ex-girlfriend is being sued because she thought she was going to die. When Jessie Merrill was diagnosed with a deadly disease, she worked a deal with an insurance company to get cash fast. In exchange, a group of wealthy investors were supposed to collect on the policy at her death. But Jessie was misdiagnosed, and the investors want their money back. Now. At the trial, Jack pulls off a brilliant victory and Jessie gets to keep the USD1.5 million from the investors. Two days later, her body turns up in Jack's bathtub. As the evidence mounts against him, Jack finds himself on a collision course with dark secrets from the past and a possible killer who is beyond suspicion.

Last to Die  [2003]
Tatum Knight is a former contract killer. Ruthless. Conniving. And he's Jack's newest client. Tatum is the older brother of Jack's best friend, Theo. Theo himself spent time on death row until Jack found the evidence to prove him innocent. Jack isn't so sure about Tatum.

A gorgeous young woman has been shot dead in her Mercedes on a Miami street. Tatum denies that he had anything to do with it, but he admits to Jack that he did meet with her in Theo's bar, where she tried to hire him.

Sally Fenning was worth forty-eight million dollars when she died. Money had never made her happy, so she left it all to her enemies - left it for them to fight over, that is. She named six heirs in her will, but there's a catch: No one gets a penny until all but one of the heirs are dead. It's survival of the greediest.

Quickly the lawyers gear up for a bitter legal battle, but Jack braces himself for much worse. He alone knows that heir number six - Tatum Knight - is a professional killer. As the heirs begin to fall, Jack and his unforgettable sidekick, Theo, are in a race against time to discover if Tatum is behind all the killing. Or is someone even more frightening, more dangerous, the odds-on favorite to be the last to die?

Hear No Evil  [2004]
Miami attorney Jack Swyteck is involved in the most explosive criminal trial of his career -- a case that starts with a murder on a military base and concludes with a shocking surprise that will change Jack's life forever.

A beautiful woman comes to see Jack and begs him to represent her. She says she's about to be arrested for the murder of her husband, an officer stationed at Guantanamo Bay. Having no expertise in military law and sensing that the woman isn't telling him the entire truth, Jack turns her down. Then she drops a bombshell: She claims she's the adoptive mother of Jack's biological son -- a child he's never met. Either Jack must represent her or he'll never see the boy.
So Jack agrees, but with great foreboding. He has an unreliable client -- a blackmailer who just might be a murderer -- and he has to travel to Gitmo and on to Havana to tussle with people who clearly have a lot to hide. This is a case with as many twists and turns as it has unanswered questions, and the personal toll on Jack won't end until he's forced to confront the ultimate surprise witness in a trial that rocks the city of Miami.

**Blood Money** [2013]

It is the most sensational murder trial since O. J. Simpson's. The nation is obsessed with Sydne Bennett, a sexy nightclub waitress and good-time girl accused of murdering her two-year-old daughter for cramping her party life. When he had agreed to defend Sydney, Jack Swyteck knew he'd be taking on the toughest and most controversial case of his career.

Millions of "TV jurors" have convicted Sydney in the court of public opinion.

When the shocking verdict of not guilty is announced, citizens across the country are outraged, and Jack is bombarded by the fallout: angry, profanity-laced phone calls and even outright threats. Media-fed rumors of "blood money" - purported seven-figure book and movie deals - ratchet up the hysteria, putting Jack's client and everyone around her at risk.

On the night of Sydney's release, an angry mob outside the jail has gathered to serve its own justice. In the frenzy, an innocent young woman bearing a striking resemblance to the reviled Sydney Bennett ends up in a coma. While the media blame Jack and his defense team, the victim's parents reach out to him, requesting his help. They don't believe the attack was the tragic result of random mob violence.

Searching for the truth about what happened that night, Jack makes a frightening discovery. Larger and much more powerful forces are working in the shadows, and what happened outside the jail is a symptom of an evil that infected the show-stopping trial and media-spun phenomenon of Sydney Bennett.

**Black Horizon** [2014]

Miami attorney Jack Swyteck finds himself in the middle of an international legal battle over a Cuban oil spill that sets him on a deadly
Three summers after the Deepwater Horizon environmental catastrophe, oil is spewing into the ocean again, this time from a drilling explosion in Cuban waters just 50 miles from the Florida Keys. The slick is headed straight for the United States, but the Cubans refuse American offers to assist with the cleanup, and threaten to fire on "hostile" U.S. vessels entering their waters. Backstopping the Cubans is the powerful consortium that owned and operated the rig, and is tied to the Chinese, Russian, and Venezuelan governments, who stonewall all inquiries and relief efforts.

Jack and his new wife, Andie Henning, an undercover agent for the FBI, are honeymooning in the Keys when Andie is called away on an assignment shrouded in secrecy. Jack, too, is soon back at work, representing an American woman whose Cuban husband was killed in the rig explosion. Though the spill occurred in foreign waters, Jack draws on all his legal know-how to file a wrongful death suit in a U.S. court and hopefully bring the young widow a semblance of closure.

Jack's pursuit of the unimaginably complicated international case plunges him into a dangerous world filled with treacherous twists that lead him - and Andie - to the same shocking realization...that the looming environmental disaster may have been no "accident" at all.

A man of principle who believes in justice, Jack jumps into the investigation. But nothing is what it appears to be. Not the victim. Not her alleged killer. And definitely not Sashi's parents. As their gut-wrenching and hopelessly conflicting version of events unfolds in a Miami courtroom, it becomes clear there is something even more difficult to find than a long-missing girl . . .

The truth.

Most Dangerous Place  [2017]

Defending a woman accused of murdering the man who sexually assaulted her, Miami lawyer Jack Swyteck must uncover where the truth lies between innocence, vengeance, and justice in this spellbinding tale of suspense - based on shocking true-life events - from the New York Times best-selling author of Gone Again.

According to the FBI, the most dangerous place for a woman between the ages of 20 and 30 is in a relationship with a man. Those statistics become all too personal when Jack Swyteck takes on a new client tied to his past. It begins at the airport, where Jack is waiting to meet his old high school buddy, Keith Ingraham, a high-powered banker based in Hong Kong, coming to Miami for his young daughter's surgery. But their long-awaited reunion is abruptly derailed when the police arrest Keith's wife, Isabelle, in the terminal, accusing her of conspiring to kill the man who raped her in college. Jack quickly agrees to represent Isa but soon discovers that to see justice done, he must separate truth from lies - an undertaking that proves more complicated than the seasoned attorney expects.

Inspired by an actual case involving a victim of sexual assault sent to prison for the death of her attacker, James Grippando's twisty thriller brilliantly explores the fine line between victim and perpetrator, innocence and guilt, and cold-blooded revenge and rightful retribution.
A Death in Live Oak  [2018]
When the body of Jamal Cousin, president of the pre-eminent black fraternity at the Florida's flagship university, is discovered hogtied in the Stygian water swamps of the Suwanee River Valley, the death sets off a firestorm that threatens to rage out of control when a fellow student, Mark Towson, the president of a prominent white fraternity, is accused of the crime.

Contending with rising political tensions, racial unrest, and a sensational media, Towson's defense attorney, Jack Swyteck, knows that the stakes could not be higher - inside or outside the old Suwanee County Courthouse.

The evidence against his client, which includes a threatening text message referencing "strange fruit" on the river, seems overwhelming. Then Jack gets a break that could turn the case. Jamal's gruesome murder bears disturbing similarities to another lynching that occurred back in the Jim Crow days of 1944. Are the chilling parallels purely coincidental? With a community in chaos and a young man's life in jeopardy, Jack will use every resource to find out.

As he navigates each twist and turn of the search, Jack becomes increasingly convinced that his client may himself be the victim of a criminal plan more sinister than the case presented by the state attorney. Risking his own reputation, this principled man who has devoted his life to the law plunges headfirst into the darkest recesses of the South's past, and its murky present, to uncover answers.

For Jack, it's about the truth. Traversing time, from the days of strict segregation to the present, he'll find it - no matter what the cost - and bring much-needed justice to Suwanee County.
